

Eagle Automation Ltd

Eagle Automation Ltd

Eagle is a market leader in the supply, installation and design of PAS 68 gates for the security sector. Built on a 25 year reputation of providing unique solutions for automated gate industry the company has successfully installed and maintained security solutions for Power Stations, Police, Banks, Hospitals, Schools and Councils.

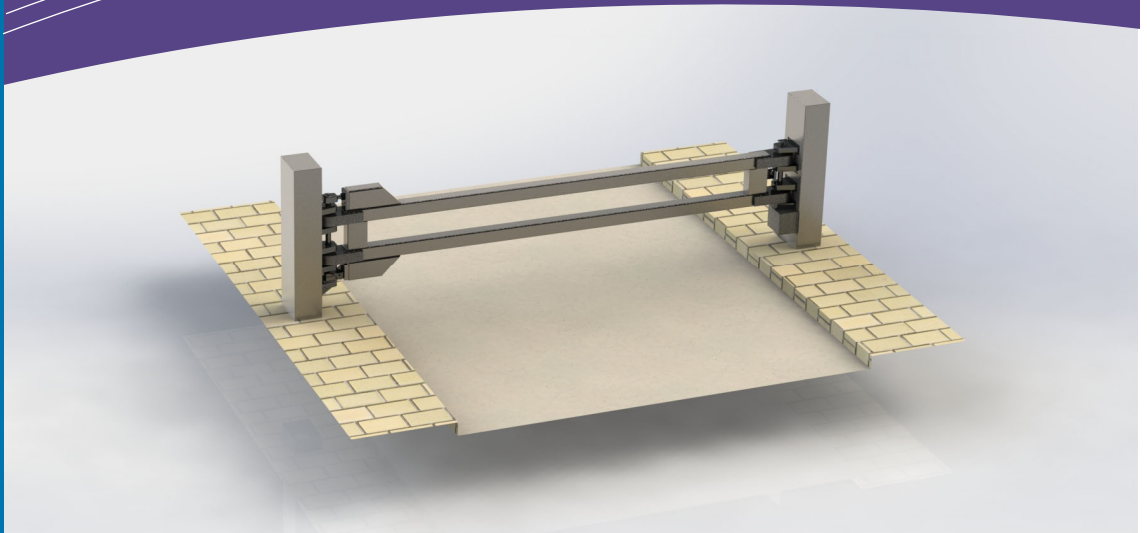

The Eagle IWA 14 swing gate is specifically designed as a low cost manual gate

Designed as a single for openings up to 8m

The gate can be constructed in sections allowing the system to be easily shipped and built on site.

In-house design team with CAD technology can develop a system bespoke to your requirements.

LOCKDOWN IWA14-1 Swing Gate EAG04040

IWA 14-1:2013 Classification

IWA 14-1:2013 Gate V/7200[N2A]/64/90:0.9

IWA14-1:2013 Gate V/1500[M1]/80/90:1.5

Key Features

The Eagle 'Lockdown' gate is the latest addition to the Eagle portfolio of crash tested products. The Lockdown has undergone rigorous testing to meet IWA-14 standards

Tested with shallow foundations and widths of 6m and 8m. Fully removable posts mean it can be permanently or temporarily deployed. If required, just the closing post or indeed the hanging post could be removed from its socket.

Can be removed and reinstated in fifteen minutes with the correct lifting equipment.
